## ◆ Data Sheet

| Item                             | Specification                       |
|----------------------------------|-------------------------------------|
| Product name                     | 1*2 Box Type Fiber Optical Splitter |
| Operating Wavelength (nm)        | 1260~1650                           |
| Insertion Loss (dB)              | ≤4.2                                |
| Polarization Dependent Loss (dB) | ≤0.3                                |
| Channel Uniformity (dB)          | ≤0.8                                |
| Return Loss (dB)                 | ≥50dB                               |
| Directivity (dB)                 | ≥55dB                               |
| Operating Temperature            | -40℃~+85℃                           |
| Dimension(mm)                    | 100*80*10                           |
| Environmental Requirement        | ROHS                                |
